

Prescribed Fire Public Information Fact Sheet

- Project Name: Crocodile Lake
- Information Contact: Gunflint Ranger Station (218)387-1750 or Seagull Guard Station (218)388-2215
- Date of Burn: Spring/Fall
- Location: The burn area is located along the south side of East Bearskin Lake and north of Trap Lake in the Midtrail area of the Gunflint Trail and is within the BWCAW.
- Project Size: 868 acres.
- Project Description: The project area has blowdown from the 1999 storm. We will reduce the amount of blowdown and help prevent the spread of wildfires to surrounding areas. The project will be ignited by using helicopters. There will be multiple aerial resources assisting with operations. There will be ground personnel and wildland engines working in and around the project area.
- Recreation closures may occur during operations: Crocodile Lake, Portage from East Bearskin to Crocodile, some campsites on Crocodile and one campsite on East Bearskin.
